

BUILD YOUR CAREER AS AN ELECTRICIAN

Registered Electrical Apprenticeship Program

Power North Carolina's Future.

www.abccarolinas.org

Earn while you Learn. Build Skills for Life.

Our Registered Electrical Apprenticeship Program is an industry-driven, multi-employer training program designed for individuals who want a long-term, high-demand career in the electrical industry. Apprentices are employed full-time by participating electrical contractors while completing structured classroom instruction and on-the-job training.

This program is ideal for individuals already working for participating electrical contractors, as well as new hires offered apprenticeship as part of their employment.

Why Choose Apprenticeship?

A hands-on, industry-driven apprenticeship combining full-time employment with structured training.

Earn While You Learn – Work full-time and get paid while gaining valuable skills.

Job Stability & High Demand – Electrical professionals are essential across every sector.

Nationally Recognized Credentials – Earn a U.S. Department of Labor Certificate of Completion and NCCER certifications.

Industry-Driven Training – Curriculum aligned with real jobsite needs.

Professional Confidence – Build the skills, experience, and problem-solving ability to work independently and take pride in your craft.
